## **Resume Summary**

Licensed RN and travel nurse with 6+ years of experience. Skilled in patient care, education, and infectious disease control. Seeking to take the burden off healthcare teams at Tampa General Medical Center. Operated ventilators during 40+ shifts and instructed ~15 precept nurses in gloving and gowning at Barstow RMH.

## **License**

- Registered Nurse, West Virginia Board of Nursing. License #0000000

## **Work Experience**

### **Travel Nurse**

Barstow RMH, AZ

March 2020 – June 2020

- Worked in 25-bed infectious disease ward, conducting patient care, education, nurse training, wound dressing, intake, and discharge.
- Instructed ~15 precept nurses in best practices for gloving and gowning. Result: RNs who had been failing to glove and gown achieved 99% compliance.
- Helped reduce regulated medical waste costs 50% by leading a program to label non-regulated bins more clearly and train all support staff in the difference.
- Operated APAP and BiPAP ventilators in more than 40 shifts.
- Helped raise HCAHPS scores ~20% by using verbal and written communication scores to improve patient education.

### **RN**

Bluefield CMC, WV

June 2016 – Feb 2020

- Worked in a 20-bed infectious disease ward for 4 years.
- Collaborated with 6 nurses, 3 doctors, and 2 hospital administrators to rewrite and improve disease transmission protocols, resulting in 30% less risk.
- Traveled to satellite facilities 20+ times per year to fill in and provide guidance.

## **Education**

### **Saint Mary's School of Nursing, WV**

Bachelor of Science in Nursing

Graduated: June 2016

- Member, Student Nursing Association
- Excelled in infectious disease coursework.

## **Certifications**

- CIC Infection Prevention, APIC
- Patient Care Technician
