Work Experience

Registered Nurse-Nx Stage

Dialyze Direct - Glen Ellyn, IL

January 2020 to Present

I evaluate and dialyze patients in long term care facilities using NxStage machines. I work independently with a PCT under the supervision of nephrologist and regional manager. We implement protocols, as set by Dialyze Direct, for anemia and bone management, initiate and complete care plans and various weekly and monthly reports. We work closely with nursing home staff to ensure that patients are receiving the best possible care.

Registered Nurse

Concerto Renal Services - Chicago, IL

December 2014 to July 2022

Responsibilities

Pt. evaluations, initiate hemodialysis, monitor pts. during treatment, draw labs, review lab values and adjust medications per protocol. Arrange appointments for vascular access issues, work closely with nephrologists in all aspects of patient care.

Skills Used

ability to work independently in a fast paced 11 chair dialysis unit located within a long term care facility.

Registered Nurse

Davita Dialysis - Morris, IL

September 2010 to December 2014

My duties began as an acute dialysis nurse at Silver Cross Hospital in Joliet, IL for 2 years. Thereafter, Davita acquired the outpatient units for Silver Cross and I was relocated to a chronic unit in New Lenox, then transferred to Morris, IL. I was responsible for patient assessments, implementing protocols for anemia and bone management, starting and ending dialysis treatments, working closely with nephrology and care plan team.
