October 2020 to October 2020

Cared for Covid positive patients as part of a Covid Response Team in a Level 2 ER. Also cared for non-covid critically ill patients and ICU holds.

### **Registered Nurse**

MOUNT SINAI HOSPITAL - Chicago, IL

May 2011 to October 2020

EMERGENCY DEPARTMENT/BED COORDINATOR

CATH LAB/INTERVENTIONAL RADIOLOGY

Worked as Bed coordinator and transitioned into the Emergency Department. I triaged patients, prioritized treatment and maintained patient flow. I utilized strong assessment skills to determine necessary patient care. Delivered high-quality and compassionate treatment to indigent and low-income patient communities. Comfortable recognizing and treating stroke patients as well as Level 1 traumas. As a bed coordinator, I improved ED administration by compiling and analyzing data, identifying areas of improvement, and working closely with nursing directors to facilitate patient flow. I participated in developing healthcare improvement plans and enforced adherence to safety, policies, and procedures. Cath lab/IR duties included assisting MD with procedures. Monitoring patients for complications, administering medications including conscious sedation. Floated to the pre and post procedure area, where I recorded patients pre procedural condition and PMH. Monitored post-op patients, educated patients regarding procedure. Coordinate patients admission or discharge.

### **Registered Nurse**
