Experience

Registered Nurse | Emory University Hospital Midtown - Atlanta, GA | 10/2021 - Current

- Monitored and managed various treatment and care interventions.
- Updated physicians on patient test results and assisted in developing care plans.
- Performed blood and blood product transfusions and intravenous infusions to address patient symptoms or underlying causes.
- Collected lab specimens, ordering, and interpreting diagnostic tests and lab results.
- Monitored and recorded patient condition, vital signs, recovery progress and medication side effects.
- Prioritized nursing tasks and assignments and accurately reported patient status.
- Maintained personal and team compliance with medication administration standards and patient care best practices.
- Treated patients using pharmacological and non-pharmacological treatment modalities to address various disorders, diseases, and injuries.
- Delivered care to up to 5 patients per day, including coordinating and evaluating interdisciplinary care.

Nurse Technician | Emory Saint Joseph's Hospital - Atlanta, Georgia | 09/2017 - 10/2021

- Took patients' blood pressure, temperature and pulse and documented height and weight.
- Documented patient intake and dietary requirements and aided with feeding and monitoring.
- Assisted patients with shaving, bathing, and oral hygiene to promote healthy habits and overall wellness.
- Documented information in patient charts and communicated status updates to interdisciplinary care team.
- Used mobility devices to transport patients.
- Provided support with bathing, toileting, grooming, and washing.

CNA | Kaiser Permanente - Santa Rosa, California | 03/2017 - 06/2017

- Provide excellent patient care as a CNA in acute care.
- Maintain patient stability by checking vital signs and weight and recording input and output information.
- Maintained accurate records of patient care, condition, progress, and concerns.
- Tested blood glucose levels.
- Maintained a clean, healthy, and safe environment.
- Performed direct patient care aimed at increasing comfort, psycho, social and spiritual well-being by aiding with personal hygiene, physical comfort, nutrition, elimination, prevention of skin breakdown, rehabilitation, and safety.
