## Work Experience

---

### **LPN (Licensed Practical Nurse)**

Algoma Long Term Care Unit - Algoma, WI

April 2020 to Present

Day shift floor nurse. Processing orders, completing med passes and updating family/PCP. Using Matrix for med pass/treatment administration and EPIC Healthy Planet Linc for looking up information and updating certain providers.

### **LPN (Licensed Practical Nurse)**

Atrium P.A.C/Kewaunee Care Center - Kewaunee, WI

January 2018 to April 2020

Observed, charted and reported developments in residents health conditions. Provided treatment for residents, including dressing wounds, treating pressure sores. Prepared and attached PEG tube feedings and ensured proper flushes were completed. Started and monitored IV medications. Changed PICC line dressings, removed IV catheters. Supervised CNA's during routine patient care. Answered resident and family questions, and provided education when needed. Used PCC for charting and EPIC Healthy Planet for looking up certain information for current residents and new admits.

### **LPN (Licensed Practical Nurse)**

Bornemann Senior Communities - Green Bay, WI

May 2017 to October 2017

Provided medication administration and vaccinations. Did wound care including dressing changes. Inserted and removed catheters. Collected specimens and completed lab swabs as ordered. Worked with PCP's to obtain new scrips and updated with changes in conditions in a timely manner. Used Point Click Care for electronic charting. Motivated residents to meet their health goals by collaborating with them to define their plans and hold them accountable.

### **CNA/LPN**

Private Home Health Care - Algoma, WI

September 2016 to April 2017

Accompanied and transported patients to appointments, passed on critical information, taught other staff about side effects of medications and new diagnosis, organized and refilled medications, medication administration. Helped with ADL's, performed any types of tasks asked by the clients. Kept in close contact with family members and updated them with new info or concerns.

### **CNA - Certified Nursing Assistant**

Door County Medical Center - Sturgeon Bay, WI

June 2015 to January 2017

Sturgeon Bay, WI

CNA

Provided direct patient care including ADL's and exercises, Checked and recorded vital signs, repositioned bed bound patients with no skin breakdown. Helped maintain the safety and integrity of 30+ acute care residents, monitored and fed residents per Care Plans. Applied prescribed topical medications. Notified LPN/RN of any changes and concerns. Documented ADL's daily in paper and electronic charting.

### **CNA - Certified Nursing Assistant**

Sturgeon Bay Senior Living - Sturgeon Bay, WI

September 2007 to March 2015

Ensured a safe and secure environment, medication administration, dementia care, collected body fluids for testing purposes, housekeeping/laundry services. I was a Resident Assistant Specialist and could train new staff and give tours to prospective residents. I also performed fall risk testing, answered phone calls, directed visitors, and timely answered call lights. Entered new medications into a system called Extended Care Plus (ECP), called doctors regarding any clarifications needed, also ordered medications through a local pharmacy via a database called EMAR.
