I love working as a Certified Nursing Assistant but I would like to have experience working elsewhere as well. Working with clients and residents knowing that I am making their lives more enjoyable is one of the greatest feelings. I started out at Manitowoc Health and Rehabilitation with my CNA class and I took my clinicals there. I really liked the facility and everything they had to offer. I am now looking to expand my work outside of just CNA duties. I am also willing to train for a position.

Authorized to work in the US for any employer

## Work Experience

### **Certified Nursing Assistant**

Shady Lane Nursing Care Center - Manitowoc, WI

March 2019 to December 2019

### **Cashier**

Goodwill Industries - Manitowoc, WI

June 2018 to October 2018

I worked here part time while I was taking my CNA classes over the summer. I really enjoyed my time here, but it was just a transition job while I was getting my certification and finding a job as a CNA. Working here helped me gain more "people skills" and how to talk to people better.

### **Cashier**

Menchie's Frozen Yogurt - Manitowoc, WI

March 2017 to June 2018

I really did love this job. The only reason I left was because the hours and pay was not very good. But, this was the job that made me step out of my comfort zone and have conversations one-on-one with people as my manager had stressed this on the employees since that was one of the important aspects of the company.
