I was hired to be in the activities department and to help on the floor doing CNA tasks. CNA - Certified Nursing Assistant

Private Care/Live in - Kewaunee, WI

June 2016 to October 2019

I helped client with medication reminders. I helped with basic ADLs. I drove client to his appointments. The reason why I do not have this client anymore is because he needed more 24/7 care and moved into an assisted living facility.
