## Work Experience

---

### **Registered Nurse Clinician/Peritoneal Dialysis Nurse**

Davita Beverly - Chicago, IL

Present

Provides safe and effective training, direct patient care and delivery of home dialysis therapies to patients in compliance with standards outlined in the facility policy and procedure manuals, as well as regulations set forth by the state and federal agencies. Provides oversight and supervision of all Patient Care Technicians, as assigned. Rotates with other licensed staff/Home Caregivers to ensure adequate patient care management coverage. Reports adverse patient events at home or in the facility/clinic as well as equipment and technology related problems to Clinic Manager or Clinical Area Manager and physician, including the correct documentation of such events. Reviews, transcribes, and enters physician lab orders accurately into the Medical Information System as required. Maintains appropriate skill level in the operation of all home dialysis therapy-related equipment, including the ability to troubleshoot equipment problems with the patient via telephone.

### **Float Nurse (ED/Fast track/Tele/Med-Surg/ICU)**

St. Bernard Hospital - Chicago, IL

Present

Prepares and administers (orally, subcutaneously, through an IV) and records prescribed medications. Reports adverse reactions to medications or treatments in accordance with the policy regarding the administration of medications by a licensed registered nurse. Works directly under physicians, assisting them during exams, diagnostic testing and treatments. Performs triage, while considering both physical and psychosocial elements. Manages basic life support needs and stabilizes patients until the attending physician is available, based upon nursing standards and protocol. Provides basic, bedside care. Initiate's patient education plan, as prescribed by physician. Teaches patients and significant others how to manage their illness/injury, by explaining: post-treatment home care needs, diet/nutrition/exercise programs, self-administration of medication and rehabilitation, as well as provides referrals to other healthcare professionals for follow-up treatment.

### **Registered Nurse Clinician**

Northwestern Medicine

January 2019 to August 2019

Served as a patient advocate in an ambulatory setting and assists in navigating across various care settings. Assessed, documented and addressed clinical, psychosocial, or financial barriers to effective patient care. Provided effective triage care using in-depth clinical knowledge and skills in area of expertise.

Monitored quality of care, as well as patient and physician satisfaction, through follow-up discussions and assessments. Participated in continuous quality, performance, and improved initiatives to ensure

the improvement of care coordination. Provided after regular business hours on-call support for urgent care coordination issues.

### **Registered Nurse Clinician**

Cook County Health and Hospital Services  
August 2018 to November 2018

Recorded patients' medical information and vital signs. Provided age and culturally appropriate care to patient. Assisted treating physician during examination, treatment and procedures. Provided education, information and support to the patient's family. Administered immunizations. Triage and roomed patients.

Performed other position-related duties as assigned, depending on assignment setting

### **Registered Nurse (Telemetry)**

Holy Cross Hospital  
March 2018 to June 2018

Initiated patient education plan, as prescribed by physician. Taught patients and significant others how to manage their illness/injury, by explaining: post-treatment home care needs, diet/nutrition/exercise programs, self-administration of medication and rehabilitation, as well as provides referrals to other healthcare professionals for follow-up treatment. Provided basic, bedside care.
