

# Leigh Leipart

Eau Claire, WI 54701

[leighhallisonleipart@gmail.com](mailto:leighhallisonleipart@gmail.com)

507-459-2332

I am interested in obtaining an RN position in or around the Eau Claire, WI area.

Authorized to work in the US for any employer

## Work Experience

---

### **Registered Nurse**

Clearwater Care Center - Eau Claire, WI

August 2018 to Present

I provide primary nursing care for residents of the facility. Residents may be admitted for short-term rehabilitation following a recent hospitalization/surgery, or for long-term care. Other residents may be receiving hospice services. I care for 20 - 30 residents during a typical shift, and I supervise 2-3 CNA's. As an RN, I respond to incidents throughout the building and oversee the LPN's on the other units.

### **Charge RN**

La Crescent Healthcare Services - La Crescent, MN

November 2013 to July 2018

I provide primary nursing care for long-term residents, those recovering from a recent hospitalization/surgery and requiring physical rehabilitation, and patients admitted for palliative/hospice care. I have been in both full time and on-call positions at this facility.

### **Hospice RN**

Mayo Clinic Health System - La Crosse, WI

February 2015 to November 2015

As a hospice RN, I cared for hospice patients in their homes, or in the facilities where they resided. In this role, I managed and coordinated care, provided direct care, communicated with physicians and pharmacists, responded to any questions, problems or patient deaths while on-call, and routinely collaborated with the interdisciplinary team.

### **Telephone Triage RN**

Entira Family Clinics - White Bear Lake, MN

January 2012 to October 2013

In this role, I triaged patients over the phone to the appropriate level of care by giving home care instructions, scheduling clinic appointments, or directing him/her to the ER. I was also a resource and liaison for area home care, hospice, nursing home, and assisted living facility nurses.

### **Staff RN**

St. Mary's Hospital, Mayo Clinic - Rochester, MN

July 2002 to November 2009

I began my career providing primary nursing care to general neurology and neurosurgical patients. I routinely worked in the charge nurse role when accepting post-operative patients immediately following surgery. I gained further insight into the routine care for other specific patient populations during the occasions when I was floated to other areas of the hospital. In 2007, I transferred to the ER, a Level I Trauma Center, where I cared for patients of all ages, various disease processes, and all levels of acuity.

### **Staff RN**

Abbott Northwestern Hospital - Minneapolis, MN  
August 2003 to January 2004

Staff RN on general neurology/neurosurgical floor

## Education

---

### **Bachelor of Science in Nursing**
