Collaborative and hard-working Registered Nurse skilled at responding to routine and emergency situations. I like to place emphasis on patient safety, patient advocacy, and teamwork/collaboration in my daily work. I am consistently looking for way to improve my practice through self-reflection and feedback.

Authorized to work in the US for any employer

Work Experience

Registered Nurse

SURGICAL INTENSIVE CARE

February 2018 to Present

ADVOCATE AURORA HEALTH CARE

- Developed and implemented treatment plans for patients with various acute and chronic conditions.
- Trained and mentored student nurses, interns, and new graduates in proper procedures and care standards as a preceptor.
- Assisted with bedside procedures and diagnostic procedures by monitoring patient vitals, sedation, and comfortability.
- Supported post-surgical patient needs by encouraging ambulation, respiratory hygiene, infection prevention strategies, and personal hygiene habits.
- Cared for patient wounds and promoted recovery by educating on diet habits as well as cleaning and redressing areas.
- Stabilized patients experiencing emergency complications and decompensations by administering advanced life support.
- Administered medications and blood products to patients and monitored for reactions or side effects to quickly intervene as necessary.

Certified Nursing Assistant

HARMONY HOME HEALTH AND HOSPICE

September 2012 to May 2014

Under supervision of a Registered nurse, I carried out daily cares of patients who were mostly chronically ill
