Work Experience

RN II

HonorHealth - Scottsdale, AZ
December 2015 to Present

Float pool endoscopy/PreOp.

Float to various campuses working in these two departments. Proficient in IV starts, EKGs, breathing treatments, and pre surgical clearance. Collaboration with various departments such as ICU, ER, lab and outside clinics and laboratories.

RN II

Valleywise Health System - Phoenix, AZ
January 2013 to September 2017

Started on the surgical trauma floor, which consisted of taking care of trauma step down patients who had chest tubes, wound vacs, multiple dressing changes, external fixatives, Dopplers and many other medical equipment. I transitioned to the short stay-observation unit where I was relief charge RN every week. I then transitioned from night shift to day shift pre op. I did assessments for patients to get them ready for surgery. I did the same thing I do now at my job.
