National On-Call Coordinator

MUSKULOSKELETAL TRANSPLANT FOUNDATION - Edison, NJ

2005 to 2016

Edison, New Jersey 2005-2016

Nation's leading tissue bank which changes lives by connecting donors with surgeons and transplant recipients by providing quality tissue through a commitment to excellence in education, research, recovery and care for recipients, donors and their families.

National On-Call Coordinator

Remotely performed donor screening and authorization for tissue recoveries across the United States via telephone. Facilitated monthly continuing education webinars for registered nurses & medical personnel across the United States, pertaining to various subjects involving disease process. Researched and wrote articles ranging from compassion fatigue to Lyme's disease.

- Facilitated and started back up call schedule to provide coverage for sick calls.
- Rejection rate <1% on donor screening to ensure quality tissue for processing.
- Multitasked and provided information for recovery teams and programs.
- Received Certified Tissue Bank Specialist achievement.

Tissue Recovery Specialist II

BLOOD CENTER OF WISCONSIN - Milwaukee, WI
1996 to 2013

Milwaukee, WI 1996-2013

Blood Center assists life-saving transplantation services, provides education to enhance the lives of patients and offers guidance and comfort to donor families.

Tissue Recovery Specialist II

Participated in recovery of bone, saphenous and femoral veins, heart for valves and skin from consented donors. Recoveries were done with sterile technique in hospital operating rooms across the state of Wisconsin.

- Coordinated transportation, operating rooms and recovery teams for each donor recovery.
- Acted as team lead on procedures.
- Involved with speaking to donor families via telephone, obtaining complete medical/social history, consent and explaining donor recoveries.
- Trained new hires in all aspects of donation.
- Received honors and awards for excellence in recovery.
