QUALIFICATIONS SUMMARY

Reliable and highly experienced Critical Care Nurse with meticulous attention to detail and expansive skill set positioned for success in **Clinical Documentation Specialist** role.

- ▶ More than 15 years of experience thriving in self-directed and team-oriented roles in fast-paced environments while providing empathetic, high-quality patient care.
- ▶ Consistently author flawless and comprehensive documentation aligned with organizational policies and procedures, using current knowledge of Medicare regulations, diagnosis coding, and CDI trends with ability to utilize ICD-10, CPT/HCPCS, and related materials to research and remediate issues.
- ▶ Outstanding written and verbal communication skills leveraged to liaise with key stakeholders at all levels including administrative staff, physicians, clinicians, and other team members.
- ▶ Solid time management, organization, and prioritization abilities coupled with sound clinical judgment and ability to perform chart review with focus on accuracy and completeness. Capable of delivering expected workload within a timely manner.

PROFESSIONAL EXPERIENCE

BLUEFIELD REGIONAL MEDICAL CENTER, Bluefield, WV

Registered Nurse, Intensive Care Unit (5/2007 – Present)

Draw on profound depth of experience, knowledge of applicable regulations (HIPAA, JCAHO, etc.) and nursing best practices, and organizational standards to deliver excellent service to acute care patients and those with chronic conditions. Work with diverse patients receiving medical, surgical, and cardiac care with myriad treatments for various disease states. Collaborate with physicians, other nurses, clinicians, and administrators to properly execute plans of care. Participate in nursing meetings and seminars, demonstrating passion for learning and desire to actively contribute to organizational success.

Selected Contributions:

- Currently shadowing CDI RN to augment skills related to chart review and clinical document improvement (CDI).
- Leveraged medical coding degree to ensure charts are properly completed.

HIGHLIGHTS FROM PREVIOUS EXPERIENCE

- Provided compassionate care to cardiac, surgical, and medical patients in challenging intensive care environment at Inova Loudoun Hospital as RN.
