## LA'CHEVEY ANDERSON-JACKSON

2523 Lazy Lane, Florence SC 29506 | askchevey@live.com | 843-992-6537

**OBJECTIVE** To find a promising career with a growing healthcare facility, where I can utilize my proven ability to build positive relationships with patients, family members, physicians and other medical professionals.

# SKILLS &

Being a team player and very reliable when faced with various situations. **ABILITIES** Able to stay calm and intervene during times of crisis while maintaining safety during any event. Specializing in Covid-19 Crisis deployments.

### **EXPERIENCE** FEMA NURSE

**ROLLING PLAINS MEM HOSP** 

JANUARY 2021-MARCH 2021

SWEETWATER, TX

I worked in the ICU caring for patients with and without COVID. I cared for patients who were on the ventilator and other forms of supplemental oxygen. I titrated various medications, inserted IVs, educated patients and their families, cared for end-of-life patients and other duties of an ICU nurse. I floated to med-surg and the ER when needed as well as administered COVID vaccines to the community.

**STAFF NURSE** 

MCLEOD HEALTH

JUNE 2019- MARCH 2021

FLORENCE, SC

I work in the Share-The-Care department as an RN. I rotate between the ER, Trauma ICU, CVICU, CCU, MICU, Day Hospital, CVA Unit and Step-Down Units. My patient ratio is anywhere from 2-4 patients per shift. I perform routine functions of a bedside nurse. I care for ventilated & Bipap dependent patients as well as trach & pegged patients. I am proficient in titrating various medications, starting IV'S and assisting in endoscopic procedures at the bedside. I am capable of running CRRT to critically ill patients and prepping patients for the OR as well as recovering patients upon return.

#### CRISIS TRAVEL FLOAT NURSE

ROPER ST FRANCIS

NOVEMBER 2020- JANUARY 2021

MOUNT PLEASANT, SC

I currently assist in staffing at Roper St Francis on a short-term contract where I work a main location but available to float to any of the other three hospital ICU units as needed to care for COVID-19 patients. I care for ventilated patients and patients on various oxygen therapies, work with multi-disciplinary teams and assist team members as needed. I can manage multiple medications which require titration, start IV's, begin nutrition, educate patients and their families, monitor vitals and report to MDs accordingly to accommodate patient plan of care.

#### **CRISIS TRAVEL NURSE**

ST. VINCENT HOSPITAL

JUNE 2020- JULY 2020

JACKSONVILLE, FL

I worked a four-week travel assignment in the COVID ICU Unit. I was responsible for taking care of ventilated and patients on bi-pap machines. I started IV's, titrated various medications, participated in codes, managed patients under end of life care, educated patients on various health and diet topics, participated in multi-disciplinary rounds with other healthcare members amongst other duties.

#### CRISIS TRAVEL FLOAT NURSE

**ROPER ST FRANCIS** 

JULY 2020- OCTOBER 2020

CHARLESTON, SC

I worked with COVID-19 patients at four of the Roper St Francis Hospitals. I was responsible for taking care of ventilated patients in the ICU setting. I cared for patients on bi-pap, c-pap and multiple oxygen therapies with various co-morbidities. I worked with multi-disciplinary teams, central lines, and trach patients as well. I was floated to various ICU units to include: MICU, CCU, and SICU providing bedside care, education to patients and their families as well as emotional support.

### TRAVEL FLOAT NURSE ASCENION ST JOHN HOSPITAL

APRIL 2020- MAY 2020

DETROIT, MI

I worked with COVID19 patients in various ICU settings. I was responsible for properly applying PPE for myself and at times for some of my NON-COVID patients to assure that we were always protected. I would have anywhere from two to three critically ill patients who were on ventilators or bipaps or trached with various medications to titrate. I was responsible for reporting patient conditions during rounding and attending to patient needs at the bedside.

### **ER NURSE**

CAROLINA HOSPITAL SYSTEM

JANUARY 2018- JANUARY 2019

FLORENCE, SC

I worked in the emergency room department I was responsible for caring for a wide demographic of people with different health disparities, ages ranged from infant to elderly. I was also responsible for caring for mentally ill patients until behavioral health placement was secured or patient was discharged. I am efficient in IV placement, monitoring ventilators, administering transfusions, caring for trauma victims and more.

STAFF ICU NURSE HEALTH **MCLEOD** 

JUNE 2017- JUNE 2019

FLORENCE, SC

I work as a Registered Nurse in the Medical Intensive Care Unit. My job includes taking care of critically ill patients. I am assigned two patients and responsible for assessing them, contacting the doctor for any orders or change in status. It is my duty to make judgement calls deemed necessary regarding patient care that are within my scope of practice. I am responsible for administering medications & blood products, treating and advocating for my patients as well as educating my patients and their family. In caring for my patients, I make sure to adhere to all safety measures and hospital protocols.

NURSE EXTERN III

MCLEOD HEALTH FLORENCE, SC

JANUARY 2015- JUNE 2017

Worked under the supervision of the licensed RN in the Medical Intensive Care Unit, assisting in daily care of patients such as hygiene, vitals, blood collection, transfer of patients, daily weights, intake & output, positioning, calling in consults, scheduling patient appointments, and requesting patient records.

STUDENT NURSE/CLINICAL ROTATION MCLEOD HEALTH JANUARY 2015-PRESENT FLORENCE, SC

Worked under the supervision of the licensed RN, providing bedside care, treatment and clinical documentation for patients on Oncology, Cardiac and Observation floors. Handled dressing changes, medical administration, IVs and various aspects of nursing care. Facilitated transfers, discharges and admissions, as well as charted assessments and consulted with doctors regarding patient care.

#### BANKRUPTCY SPECIALIST

JP MORGAN CHASE

JANUARY 2009- MAY2013

FLORENCE, SC

Worked as an underwriter processing mortgage modifications. My job consisted of qualifying/denying homeowners for modification packages who were already in a bankruptcy. I calculated income to debt ratios. generated mortgage documents, called clients to discuss accounts and tracked timely payments.

**EDUCATION** | FLORENCE-DARLINGTON TECH COLLEGE, FLORENCE, SC
