

Nicole Sliwicki

3266 N. Clark, Chicago, 60657 | 847-345-0422 | nsliwicki@gmail.com

Objective

Dedicated, high performing RN with five years of experience in Neonatal Intensive Care Nursing. Consistently developing strong relationships with patients and families through empathetic communication and excellent customer service. As Case Manager it is my objective to facilitate a case management plan in collaboration with necessary healthcare professions to support the patients needs and goals.

Education

Bachelors of Science in Nursing | May 2014 | Mennonite College of Nursing at Illinois State University

Experience

Registered Nurse Neonatal Intensive Care Unit | Ann and Robert H. Lurie Children's Hospital of Chicago | October 2014-Present

- Collaborate with physicians and ancillary staff to care for medically compromised newborns on a 64 bed level IV NICU
- Experienced with bedside procedures including bedside OR'S for medically unstable patients
- Skilled in initiation of peripheral, umbilical, and central lines
- Charge nurse trained and experienced responsible for coordinating admissions, discharges, and making patient assignments.
- Preceptor for new graduate nurses, fostering their growth and development in the nursing field and serving as a resource for them on the unit.

Certifications/Unit Involvement

- Current IL RN license
- RNC-NIC certification
- BLS/CPR certified
- NRP/PALS certification
- ECMO trained and experienced
- Full body cooling trained
- Proficient in EPIC software system
- Member of the patient family experience/bereavement committee for Lurie Children's NICU
