Registered Intensive Cardiac Care Nurse with 3.5 years of hospital and acute care nursing experience in cardiology and elderly care. Dependable licensed RN trained to work in high stress environments and stay calm under pressure. Seeking to leverage meticulous record keeping and analytical skills. Holds experience in surgery, elderly care and mental health. Detail oriented with good organizational skills to ensure procedures are closely followed. Has strong critical thinking skills allowing proper evaluation of situations for appropriate actions. Has the emotional stability required for difficult situations and communication skills to effectively work with patients and staff. Works well under pressure and in emergency situations and can step up to a leadership role or follow lead also. I am passionate about my work and strive to deliver the best possible care and support to patients and families.
