

Jada L. Chambers

20279 Prairie Drive, Big Lake, MN 55309 • 763-772-2820 • jadalc20@gmail.com

Registered Nurse with nearly 4 years of experience providing care to diverse populations in multiple settings. Motivated to obtain a clinic nursing opportunity with an organization committed to enhanced patient outcomes and quality of care.

Work Experience

Registered Nurse May 2018- June 2019

Allina Health- Allina Health Home Care Services, St. Paul, MN

Assessed patient status, created care plans that prescribed interventions to achieve expected outcomes, implemented plan and provided interventions, evaluated patient progress towards outcomes, provided patient education, and collaborated with other disciplines to provide patient care

Registered Nurse- Cardiovascular Care Center June 2017-April 2018

Allina Health- Mercy Hospital, Coon Rapids, MN

Managed care of patients with cardiovascular complications by carrying out physician orders and utilizing clinical expertise to provide interventions, monitor telemetry, provide patient education, and respond to emergent events. Monitored and assessed patients recovering from cardiac catheterization lab and electrophysiology lab procedures.

Registered Nurse- Med-Surg and Oncology October 2015-June 2017

Allina Health-United Hospital, St. Paul, MN

Managed complex patient care by carrying out physician orders, following protocols, providing interventions and patient education, and collaborating with other members of the healthcare team to meet patient's individual needs and goals. Was selected to be a nurse preceptor to train and evaluate new nurses going through orientation. Was a member of the Employee Engagement Committee and helped develop opportunities that supported and encouraged staff, such as, increasing access to unit specific education, recognizing staff, and creating a process to allow staff to express needs and ideas.

Ambulatory Surgery Internship June 2015- August 2015

UnityPoint Health Ambulatory Surgery Center, Waterloo, IA

Gained experience in providing care to patients in pre-op, PACU, and post-up. Developed time management, prioritization, and critical thinking skills. Gained experience in starting IVs.

Home Health Aide/Certified Nursing Assistant August 2011-May 2014

At Home Solutions by Saint Therese, Minneapolis, MN

Helped individuals with activities of daily living in home, assisted living, and memory care settings. Administered medication, completed detailed charting, and helped develop care plans.

Education

Allen College, Waterloo, IA Accelerated Program: May 2014-August 2015
