*Computer Skills: Epic, Compass, Citrix, MS Word, PowerPoint, and Publisher*

## RELEVANT EXPERIENCE

REGISTERED NURSE, CENTRAL DUPAGE HOSPITAL, MEDICAL ONCOLOGY

FEBRUARY 2016- OCTOBER 2019

Cared for up to six patients in a 72 bed medical oncology unit with step down, oncology, hospice, and other medical conditions. As patient safety liaison created safety newsletters, completed several audits, and reviewed all of the safety/good catch reports from our unit. Served as a safety coach, highlighting areas of good use of safety tools and areas where we needed improvement. Was chosen to be a part of the education for the entire unit when Alaris interoperability was brought into the hospital.

REGISTERED NURSE, NORTHWESTERN MEMORIAL HOSPITAL, GENERAL MEDICINE

APRIL 2015- FEBRUARY 2016

Provided nursing care for up to six patients in a 30 bed medical unit with various medical conditions. Responsibilities include assessment and evaluation, medicine administration, patient education, disease management, and collaboration with physicians to promote effective treatment plans.

REGISTERED NURSE, WINDSOR PARK MANOR, JOHNSON HEALTHCARE FACILITY

FEBRUARY 2015- MAY 2015

Worked in a skilled nursing facility caring for long term and short term residents. Managing the care of up to 40 residents, with varying acuities, while overseeing the nursing aides.

Responsibilities include assessment and evaluation, medicine administration, wound care, admission and discharge, and promoting effective treatment plans.
