## OBJECTIVE

BSN graduate seeking the position of a medical sales representative. Previous experience as a registered nurse specializing in intensive care and telemetry. Dynamic time management and interpersonal skills. Attentive to detail when providing compassionate and efficient patient care and education. Strong ability to learn quickly and adapt to new environments. In the last year I have worked in the surgical intensive care unit, taking care of a wide range of patients, particularly post-operative, critically unstable, code blue, alcohol withdrawal, end of life care patients and more. Recently open heart surgery trained. All of this experience has allowed me to work with a wide range of medications and medical equipment on a daily basis.
