Wilmot High School

CNA

Gateway Technical College

Skills

- Have passed medication, use a hoyer and sit to stand. (10+ years)

Additional Information

I have a cat and I am trying to get her to Sheboygan humane society, as of right now she is in Naperville humane society and my boyfriend and I am living in the Salvation Army. We were told if Sheboygan has openings that we can keep our cat there. We are now in our own apartment. We got our cat and if I am hired, then we can move forward and find a better place to live and have my granddaughter over more often
