## OBJECTIVE

- In process of seeking new experiences and challenges in nursing practice and profession, I am looking forward advancing my nursing skills and knowledge and its application in process of health care. Reason for applying to this position is the fast pace, excitement of growth as a professional, input in team, and great deal of challenges of my knowledge and skills. These attributes all make the workplace exciting and allow me to use my nursing skills to benefit myself and more importantly, our clients.

- If hired, I am able to provide excellent teamwork, communication, positive attitude. I am also able to work well around team conflicts, upholding my professionalism. Another area is bringing evidence into practice at all times. My self-control and ability to utilize the skills I've learned through school and work are unparalleled. Better environment and positive attitudes are the keys of quality healthcare.
- Bilingual, fluent in Armenian and English
- Computer and technology savvy
