## EMPLOYMENT HISTORY

### **Logistics Health Incorporated, FNP-C** **07/2019-current**

Perform medical history review, physical exam, diagnostic and medical opinion services for the Veteran's Benefits Administration. As a Nurse Practitioner with LHI, I provide medical services to a wide variety of veterans with both acute and chronic diseases.

### **Centennial Medical Center, RN-Post Anesthesia Care Unit** **07/2015-current**

Provide immediate post-operative care in the PACU for OB/GYN, ENT, ophthalmology, bariatric, plastics, dental, oncology and pediatric surgical patients. Charge nurse. Certified unit preceptor. Call nurse. PALS and ACLS certified.

### **Vanderbilt University Medical Center, RN-Surgical Intensive Care Unit** **03/2014-07/2015**

Provide complex nursing care to adult patients in the SICU for high acuity and complexity transplant and post-surgical patients. Unit Help all nurse. Unit preceptor to RN students and new hire RNs. ACLS certified

### **New Hanover Regional Medical Center, RN-Adult Inpatient Surgical Unit** **08/2011-03/2014**

Provide nursing care to trauma and general surgical patients in the Adult Inpatient Surgical Unit for patients from general acuity to step-down/intermediate acuity. Unit charge nurse over 27 general patient beds and 6 step-down beds. Unit preceptor to new hire employees and new graduate RNs. ACLS certified.

### **Nurse Extern/Nurse Extern, Baptist Hospital** **01/2010-05/2011**

As a nursing extern, I provided care for patients of all age groups in various units throughout the hospital assessing vital signs, intake and output, patient needs, and documenting care provided. As an intern, I was able to work as a RN under the direct supervision of an experienced nurse after the completion of my nursing degree while awaiting licensure.

## NURSE PRACTITIONER PRACTICUM EXPERIENCE

### **FAMILY PRACTICE/PRIMARY CARE**

**01/2018-04/2018**

*S.L. Lampkin, V MD – South Street Family Medical Center – Nashville, TN*

Under the supervision of a physician, I performed history & physical assessments, made diagnoses, ordered and interpreted diagnostic tests, prescribed medications and treatments, reviewed and managed vaccination records and provided patient education for the management of both acute and chronic medical conditions in a patient population ranging from birth to 99 years.

### **PEDIATRIC PRIMARY CARE**

**06/2018**

*Richard P. Smith MD – Columbia Pediatrics – Spring Hill, TN*

Under the supervision of a physician, I performed history & physical assessments, made diagnoses, ordered and interpreted diagnostic tests, prescribed medications and treatments, reviewed and managed vaccination records and provided patient education for the management of both acute and chronic medical conditions in a patient population ranging from birth to 21 years.

### **WOMEN'S HEALTH/OB-GYN**

**08/2018**

*Carl Wingo MD – Carl E. Wingo PC – Nashville, TN*

Under the supervision of a physician, I performed routine and unplanned obstetrical and gynecological care, vaccination and medication review, made diagnoses and prescribed medications/treatments in the outpatient management of acute and chronic women's health medical conditions to a patient population ranging from 14 to 99 years.

### **URGENT CARE**

**09/2018-10/2018**

*Kristine Sherman, NP-C & Ambre Maze, PA – Gateway Urgent Care – Murfreesboro, TN*

Under the supervision of a PA and NP, I performed history & physical assessments, made diagnoses and prescribed medications/treatment for a variety of acute and chronic conditions. I ordered diagnostic imaging and laboratory studies, performed minor procedures, wound care and acute/occupational injury management in the urgent care setting. Procedures performed have included: incision and drainage of cyst/wound, laceration repair, removal of foreign body, eye/ear lavage and splinting of minor sprains and fractures.

## NP SKILLS INCLUDE

- Perform history & physical assessments
- Provide patient counseling & education
- Diagnose acute and chronic illnesses
- Vaccination education & review
- Prescribe medications and treatments
- Delegate within a medical team
- Electronic Medical Record
- Order and interpret diagnostic tests
- Refer patients for specialist care
- CPT & ICD-10
