PROFESSIONAL SUMMARY

I currently work full time in the surgical department at William Newton Hospital in Winfield, Kansas as a surgical RN. I am a strong and hardworking team member to the surgical department who is attentive to details, organized and compassionate to my patients. I also am a trained PACU nurse. I do have some experience working on the Med-surg floor but I love working in the surgical department and love learning and gaining new skills. I am a with 7 months of nurse experience but have over a decade of medical experience including working as a surgical technologist, CNA, and a CMA. I am proud of what I do and love helping others.

EXPERIENCE

July 2012 - Current

Surgical Rn

William Newton Hospital | Winfield, KS

- Assist the physician with procedures, when needed. Pass surgical instruments and act as first assist to operating physician.
- Adjust effectively to alterations in circumstances and priorities; recommend solutions for improvement.
- I have built cooperative relationship and rapport with patients and actively sought information to understand issues, needs, and expectations.
- Clearly communicate with supervisors, health care providers, patients, and family members about patient needs and progress.
- Demonstrate safe and responsible use of equipment; maintain infection control and safety measures with every single patient contact.
- Evaluate emergency situations and start appropriate nursing

interventions.

- Facilitate the integration and coordination of care between various health care services.
- Maintain positive relationships and communication with team members.
- Perform pre- and post-procedure calls for optimal patient outcomes and experience.
- Provide patients and their family members with relevant instructions and education.
- Prioritize patient care based on resource availability and need level.
