Objective

I am seeking employment as an Operating Room Nurse. I have been employed in many Operating Rooms and have a great deal of experience, knowledge, and compassion when dealing with the surgical patient, surgeon and staff. I am also a reliable team member and realize the importance of the team concept in the operating room.

Qualification Highlights

- I participated on a "Turnover Team" and assisted in reducing the turnover time in the Main OR at MUSC from approximately 45 minutes to 30 minutes.
- I was awarded "Preceptor of the Month" by a group of new nurses that I assisted in training for the Operating Room at MUSC.
- I am a quick learner and would be described by my fellow employees as a "great nurse and hard worker."
- In the past, I was awarded the "Employee of the Month" by Supplemental Health Care while employed at East Cooper. And while at Clark Memorial Hospital, I was awarded "Ambassador of the Month."
