## Professional Experience

---

### EMT Paramedic Duties

- Provided comprehensive and effective care to adult and pediatric patients, including assessment, management, and treatment of any medical or traumatic event, both at the scene and in transit
- Evaluated patient response to interventions and adjusted plan of care, as needed
- Operated ambulance and conducted daily checks of emergency equipment
- Demonstrated comprehensive assessment skills and medication administration within the scope of practice
- Consistently prioritized and delivered dependable, effective patient care in a variety of situations
- Served as field training paramedic for new hires as well as transitioning new paramedics from the EMT role into the paramedic role
- Functioned as an extensively trained primary care provider in a prehospital setting
- Created accurate documentation of services provided to reduce liability, improve patient care, and protect the employer
- Maintained positive working relationships with other emergency personnel such as nurses, doctors, patient families
- Managed logistic tasks and improved ambulance transfer efficiency daily
