EXPERIENCE

NOMAD HEALTH

Chicago, IL

Surgical Intensive Care Registered Nurse

01/2022 to 04/2022

- 14 bed ICU for critically ill surgical patients in a 464 bed, public, level I trauma and teaching facility, in Chicago
- Identified abnormal and critical respiratory patterns through direct pulmonary assessments.
- Prioritized and organized tasks to efficiently accomplish service goals.
- Demonstrated self-reliance by meeting and exceeding workflow needs.

HUMBOLDT PARK HEALTH

CHICAGO, IL

Intensive Care Registered Nurse

09/2021 to 11/2021

- 12 bed ICU in a 200 bed acute care community hospital with a comprehensive stroke center designation
- Received and assessed more overdose patients than any other hospital and became extremely familiar with maintenance protocols
- Navigated the process of final wishes for patients with no family nor living will, involving state guardianship
- Worked alongside Gift of Hope nurses frequently and gained valuable information to put in practice.
- Provided care for critically ill patients with issues regarding COVID pneumonia, drug/alcohol withdrawal, STEMI, NSTEMI, and DKA patients.

MALONE STAFFING SOLUTIONS

HARVEY, IL

Intensive Care Registered Nurse

05/2021 to 07/2021

- Assessed and managed various patient treatments for numerous patient diagnoses from sepsis to acute respiratory distress
- Coordinated with healthcare staff from various disciplines to devise, carry out and manage personalized care plans to benefit patient health and recovery
- Provided targeted care and treatment to critically ill patients

ADVOCATE CHRIST MEDICAL CENTER

OAK LAWN, IL

Surgical Trauma ICU Nurse

05/2020 to 04/2021

- Busiest Level I Trauma and Magnet-designated teaching hospital in the Chicago area
- Implemented interventions, including medication and IV administration, catheter insertion and airway management
- Adapted to 4 different temporary ICU spaces while transitioning from the Surgical Trauma ICU to COVID ICU to facilitate the flow of hospital operations
- Managed and administered critical care medications including multiple vasoactive infusions, sedatives, paralytics, dysrhythmics, and many more high acuity drips based on patient's condition and vital signs
- Continually adjusted to nursing and hospital protocols upon the pandemic as new knowledge and recommendations were provided following CDC guidelines

FAVORITE HEALTHCARE AGENCY
CHICAGO, IL

Registered Nurse, COVID-19 Intensive Care Unit

02/2020 to 05/2020

- 18 bed ICU in a 300 bed nonprofit and Magnet- designated teaching hospital
- Managed COVID positive intubated patients in crisis, ventilated ICU patient ratio of 2-4:1 RN.
- Responded to the COVID-19 pandemic and crisis as a frontline ICU nurse within a health system holding 95% COVID positive patients
- Worked with interdisciplinary healthcare team to develop, implement and manage care plans, ensuring the inclusion of patients' individual needs
- Recognized and treated COVID-19 symptoms according to established policies and practices

VANDERBILT UNIVERSITY MEDICAL CENTER
NASHVILLE, TN

Surgical Intensive Care Registered Nurse

02/2019 to 02/2020

- Nationally ranked and consistently on the Best Hospitals Honor Roll, Level I Trauma, Magnet-designated, and teaching hospital
- Provided exceptional care to high-acute patients needing complex care such as ventilator management, extensive wound care, surgical drain care and rehabilitation
- Guided and educated patients and caregivers on diagnoses, disease management, preventive measures, medication use and self-care to foster consistency in care administration
- Conducted patient assessments, recorded vitals and analyzed records and charts to define care requirements
- Used critical thinking to break down problems, evaluate solutions and make decisions.
