Registered Nurse

Bethel Care Center - Arpin, WI

April 2017 to November 2017

Staff nurse at a skilled nursing facility. Duties include: Medication administration via various routes; implementation

of ordered treatments; Medicare required assessment and documentation; peripheral and central line management;

individualized care planning and collaboration with care team members; discharge planning and education to residents and families; task delegation and supervision to ancillary staff.

HOSPICE REGISTERED NURSE CASE MANAGER

HEARTLAND HOSPICE

May 2014 to March 2017

I have been employed at the Stevens Point office for almost three years, making me the most senior nurse in our

office. I have been a mentor/preceptor to multiple new hires, and continue to be a resource to fellow nurses and colleagues. I am part of a collaborative group that manages the plan of care for patients meeting hospice eligibility requirements.

REGISTERED NURSE

OUTPATIENT SURGERY / EMERGENCY, MOUNDVIEW MEMORIAL HOSPITAL

July 2011 to July 2014

Care provided to patients in a perioperative and Emergency room setting. This involves admission to the departments, physical assessment of patients (infant to geriatric), IV placement, medication administration via multiple routes, collection of varying specimens for lab, required documentation, provide education to patients and families pertaining to cause for visit/treatment/follow-up care.

REGISTERED NURSE

STRAWBERRY LANE MEDICAL AND REHABILITATION CENTER

January 2011 to December 2013

Care provided to patients in a Skilled Nursing Facility. This involves physical assessment with Medicare required documentation, medication administration via multiple routes, implementation of ordered treatments and interventions, assigned as Charge Nurse, task delegation and supervision. Assigned as facility Wound Nurse for approximately six months (as budget allowed). Often assigned to train/preceptor newly hired nurses.
