Professional Experience

Registered Nurse (RN) – Critical Care / Stepdown

SSM St. Anthony Hospital - Oklahoma City, Oklahoma – August 2019 to February 2020

- Planned and implemented skilled bedside care to high acuity patients with respiratory, circulatory, and neurological impairment.
- Quickly recognized life-threatening cardiac arrhythmias and provided first response to clients in need.
- Initiated, monitored, and titrated critical IV drips (i.e. Levophed, Cardizem, Amiodarone, Heparin, Insulin, Lasix, Potassium, Mag)
- Safely administered blood product transfusions, assessed clients for adverse reactions, and provided appropriate interventions.
- Identified and responded to emergency situations using practical nursing judgement and basic life support skills.
- Documented assessments and communicated nursing notes to interdisciplinary healthcare team using electronic medical records.
- Performed surgical site assessment, sterile dressing changes and wound care.

Nurse Extern – Neuro Intensive Care Unit

Integris Baptist Medical Center – Oklahoma City, Oklahoma – July 2018 to June 2019

- Measured and documented blood glucose levels, fluid volume status, and blood pressures in critically ill patients.
- Maintained comfort and dignity of critically ill clients and prevented infections by providing hygiene and repositioning needs.
- Cultivated clinical nursing skills such as phlebotomy, catheter and NG tube insertion, and interprofessional communication.

Certified Pharmacy Technician – Inpatient Central Pharmacy

Integris Baptist Medical Center – Oklahoma City, Oklahoma – July 2017 to July 2018

- Collaborated with pharmacy and nursing staff to ensure medications for over 500 patients per night were delivered on time.

Certified Pharmacy Technician – Inpatient Central Pharmacy

University of Oklahoma Medical Center – Oklahoma City, Oklahoma – March 2017 to July 2017

- Operated, maintained, and stocked all automated medication dispensing systems throughout the hospital and operating rooms.
- Prepared and mixed patient medications, including critical IV drips, oral suspensions, and topical ointments.

Pharmacy Technician

CVS Health – Oklahoma City, Oklahoma – November 2016 to March 2017

- Accurately interpreted physician's prescription orders and dispensed medications to outpatient clients in a retail pharmacy.
- Increased patient adherence to medication schedule by providing timely communications and reminders.
- Collaborated with healthcare insurance providers to confirm patient coverage, costs, and benefits.

Biology Laboratory Assistant – Department of Math & Science

Southwestern Illinois College – Belleville, Illinois – January 2014 to December 2014

- Maintained laboratory equipment and specimens, set up experiments, and provided guidance for college biology students.

Laboratory Associate / Lab Assistant

State of Illinois – Environmental Protection Agency (EPA) – Springfield, Illinois – April 2008 to August 2013

- Ensured safety of public drinking water sources throughout Illinois by conducting chemical analysis and reporting accurate results.
- Promoted to Laboratory Associate in two years.
