I have been an oncology nurse for most of my career; however, I am looking to change my focus and learn more about the care management/utilization review part of nursing and hopefully continue my career in this direction. I am a very quick learner and willing to obtain any certifications that are needed.

## EXPERIENCE

### **11/2018 to current Primary Care RN**

**SSM Cancer Care-** DePaul Hospital

Manage, room, assess, and triage oncology patients in oncology/hematology outpatient clinic, including patient education and managing side effects from chemotherapy along with oncologist and nurse practitioner.
