Hello, my name is Jere Gellerman:

I am looking for a full-time position as a Critical Care Paramedic. I have my Wisconsin Paramedic with a Critical Care endorsement. I believe that I have the necessary credentials for the position of a Critical Care.

Authorized to work in the US for any employer

Work Experience

Utility on 1676

Donaldson Company - Stevens Point, WI

August 2018 to Present

This is a union manufacturing job. I perform electrical / mechanical assembly. As the Utility I am trained and work all thirteen stations and fill in where needed. I perform my work with a priority placed on safety. Maintain quality in fabrication and assembly. Detect unusual conditions or defective material and report to supervisor. Perform required hand and machine operations to process, form, and fabricate tubes for the manufacture of all sizes and types of oil separators and fiberglass elements.

Interpret drawings and plan in proper sequence and use care in all operations to prepare parts as per drawings and specifications. I set-up and operate a variety of machines and use hand tools to form, fabricate, and prepare parts for processing. I am able to lift pallets from stack up to shoulder height. I assist with ensuring my work area is kept in a clean and orderly condition and report any unusual conditions to management. I have the ability to interact effectively in a team-based environment. I perform other job-related duties as required or specified by management. I am the second shift Union Stewart of Local 2020 of the UAW.
