EXPERIENCE

Operating Room Circulator/Pre-op nurse
Anders Group | Texas

April 2021 - Current

- Minimized contamination by enforcing infection and prevention controls along with strict safety regulations for every procedure.
- Avoided unnecessary complications through patient advocacy, proper positioning, and diligent review of condition and responses at regular intervals.
- Optimized rooms for each procedure, following hospital practices and surgeon preferences.
- Protected patients with patient-centered care based on sound clinical judgment and continuous monitoring.
- Managed circulation needs, handling overall nursing care of patients pre-, peri-, and post-op.
- Helped patients feel comfortable, explaining procedures, verifying consent, and alleviating concerns.
- Kept environment sterile, following exact protocols for handling sterile supplies and instrumentation.
- Maintained continuity of care by completing accurate, comprehensive surgical documentation.
- Stabilized patients during emergencies with first aid and life support care.

Travel Registered Nurse
Fastaff travel agency | Altoona, Pennsylvania

December 2020 - February 2021

- Assisted with smooth admissions and discharges, coordinating paperwork and seeing to patients' medical and personal needs.
- Monitored and maintained function of medical equipment such as ventilators and medication pumps.
- Offered expert, compassionate end-of-life care to geriatric and terminal patients.
- Intervened in crisis situations, employing nursing standards and protocols to handle different issues.

- Supported facility needs by working flexible schedule and contributing to multiple units.
- Educated patients and family members on changing conditions and upcoming treatments.
- Controlled infection risks with careful care of wounds and thorough sanitizing techniques.
- Modified patients' treatment plans as indicated by patients' responses and new physician orders.
- Administered medications to patients and monitor patients for reactions or side effects to quickly intervene in serious issues.
