Work Experience

ER Nurse

Summerlin Hospital Pediatric ER - Las Vegas, NV

August 2020 to Present

Triage pediatric patients, complete orders as written by attending physician, admit patients to medical-surgical ward or PICU; transfer patients to outside facilities for specialty care; discharge patients and educate families on home care.

ER Nurse

Mary Bridge Children's Hospital - Tacoma, WA

July 2001 to August 2020

Served as member of interdisciplinary health care team in providing critical care and performing life saving interventions in Level II pediatric trauma center.

Merged empathy and strong interpersonal skills by ensuring both physical and emotional needs of patients and families were met.

Delegated and supervised care assignments to nursing and support staff

Performed rounds during shift to ensure that proper care was being applied and work assignments were being performed in accordance with acceptable standards

Served as preceptor to nursing students, EMS students and new nursing staff.

Promoted patient and family education by providing compassionate, inclusive care.

Performed medical procedures such as IV starts and venipuncture, urine catheterizations, procedural sedations, obtaining and monitoring vital signs and alerting physicians in changes in patient status.
