Work Experience

Clinical Nurse II

UNIVERSITY OF MARYLAND

June 2017 to Present

MIDTOWN CAMPUS

- Coordinated effective treatments through effective care planning alongside other healthcare disciplines.
- Advocated for nursing team in facility-wide reviews and updates.
- Examined patients and developed specialized treatment plans.
- Improved outcomes by teaching patients, family members, and caregivers on effective strategies for managing conditions and implementing better wellness choices.
- Offered honest and accurate guidance to physicians, surgeons, and nursing staff based on extensive clinical experience.
- Organized unit schedules and assignments for optimal care delivery and coverage.
- Developed and assisted others in development of care and treatment plans.
- Taught nurses and support staff better methods for assessing concerns, utilizing technology, and conserving resources.
- Observed, interviewed, and assessed patients to identify care needs.
- Developed methods for accurately evaluating quality and effectiveness of nursing care in Medical-Surgical units.

Registered Nurse

FUTURE CARE SKILLED AND SENIOR CARE

June 2015 to October 2019

- Worked closely with physicians, surgeons, and nursing staff to deliver top-notch care in Skilled Nursing unit.
- Managed smooth patient flows into and out of Skilled Nursing unit, handling admissions and discharge paperwork.
- Helped treat patients' conditions and alleviate symptoms by administering oral, IV, and intramuscular medications.
- Cared for patients' wounds and promoted recovery by dressing, cleaning, and redressing areas.
- Supported patients' feeding needs through assistive feeding and effective management of gastric tubes.
- Supported post-surgical patient needs, encouraging ambulation, monitoring catheters, and handling difficult personal hygiene tasks.
- Controlled infection risks with careful care of wounds and thorough sanitizing techniques.
