WORK EXPERIENCE

Clinical Rotation 08/2018-06/2020

- Able to provide primary care to patients from different ethnicity backgrounds and age groups when assigned to different units; Medical-Surgical unit, Pediatrics, In-patient Psychiatric Units, and Intensive Care Unit. Provided patient safety with minimal supervision from a clinical instructor and preceptor. Performed leadership skills by delegating and collaborating with healthcare providers.
- Completed rotation at Saint Francis Medical Center, Harbor UCLA Medical Center, and Memorial Hospital of Gardena.
- Completed preceptorship in Memorial Hospital of Gardena in Telemetry. Complied with hospital policies and procedures and standard of practice. Able to adjust to any situation in the hospital setting. Prioritized safe patient care, advocacy, and education.
- Participated in a flu shot event at Harbor UCLA Medical center administering approximately 50 flu shots to the Hospital's doctors, nurses, and other staff under the guidance of the Director of Nursing.

Maxim Healthcare for HSA Stanislaus County - Registered Nurse, COVID Vaccinator 01/2021-06/2021

- Accomplished administering approximately 60-80 COVID vaccines to the community daily using the correct techniques without medical errors.
- Improved communication skills during consultations when screening patients for their medical history and to ensure there are no contraindications or severe allergies prior to receiving the vaccine.
- Able to successfully reconstitute the Pfizer vaccine and draw it into the syringe with the correct measurement.
- Able to successfully draw the Moderna and Janssen vaccine into the syringe with the correct measurement.
- Improved in assessing patients and preventing further complications during a medical response when patients had mild reactions to the vaccine.
- Able to train EMTs, student nurses, and new nurses on how to vaccinate properly, draw up vaccines, and document without error.

Maxim Healthcare for Golden Valley Health Center- Nursing Care Coordinator, Vaccinator 06/2021-present

- Administer Covid Vaccinations and flu shots to pediatrics, young adults, and Geriatrics
- Participated at outreach events to administer Covid vaccinations to patients who are unable to access the clinic
- Able to manage the Covid clinics, educate and lead other nurses to successfully administer the vaccinations
