Work Experience

Staff RN PACU

Peacehealth - Springfield, OR

September 2018 to Present

I am a staff nurse in the post anesthesia care unit, providing direct care to patients in the immediate postoperative phase. I manage patient comfort, vital signs, and pain. I work with patients and include family members when possible. I administer pain meds and comfort medications as needed. I work with other nurses as a team to meet the needs of patients and staff.

Clinical Supervisor for ICU

SOUTH AUSTIN MEDICAL CENTER

January 2004 to Present

Supervise and provide care for adult critically ill patients. Mentor new graduate RN's, orient new staff members. The night shift at this facility serves as the training ground for all new graduate nurses. I came to the night shift to help lead a novice staff and have seen our team grow into a cohesive group that can pull together and handle any situation.
