Work Experience

RN

Landmark Hospital - Columbia, MO

September 2020 to Present

Responsible for assessing, planning, delivering, and evaluating each level of nursing care provided to patients throughout their stay. Working in settings such as intensive care units and cardiac care units, where patients require complex assessment, high-intensity therapies and interventions, and continuous nursing vigilance. Work in close cooperation with specialists in a variety of disciplines, including (but not limited to) Physicians, Pharmacists, Physical Therapy, Occupational Therapy, Respiratory Therapy, Wound Care, Dietary Therapy, Social Work, and Dialysis.

RN

Kindred Hospital - Dayton, OH

April 2018 to July 2020

As the most acute level of care in Kindred's continuum offers the same critical care patients receive in a traditional hospital or intensive care unit, but for an extended recovery period. Registered Nurse plays a vital role in the recovery process for chronic, critically ill, and medically complex patients.

LPN/RN

Kettering Health Network - Miamisburg, OH

October 2014 to April 2018

Assessment, care plan, admissions, discharges, IV push, and antibiotics, wound care, wound vac, patient education, collaboration with other disciplines for high-quality care.

LPN

Brookdale of Beavercreek - Dayton, OH

August 2012 to September 2014

Wound care, tracheostomy suction, and care, stage I-IV pressure sore care, admitting and discharging, Meditech documentation, patient/family education, communication, and collaboration.

STNA

St. Leonard of Centerville - Centerville, OH

September 2008 to May 2012

Help patients with personal care and grooming, including bathing, dressing, toileting, hair care, and skincare. Assist patients with walking, transferring in and out of wheelchairs, and changing position in bed. They feed patients that cannot feed themselves. Monitor patients' vital signs, intake, and outputs, and assist nurses with wound care, foley catheters care and insertion..etc
