**Professional Summary:** Registered Nurse with collectively 18 years of Level III high risk Labor and Delivery/ Mother Baby experience. Possessing skills in providing exceptional care to diverse patient populations, I am currently seeking to expand my knowledge to various specialties. The skills that I possess are those that can handle a vast variety of emergent situations in a high paced environment while delivering quality and compassionate care to every patient. I am a team player, patient advocate and a positive role model. I am knowledgeable, competent, compassionate and committed to nursing.

### **Professional Experience**
