As a nurse with over 6 years of dependable compassionate care & an array of experience ranging from Vaccine Development to Geriatrics, Intensive Care, Correctional and Ambulatory Healthcare settings, I strive to practice excellency without excuses. My ability to demonstrate effective communication, team building & collaboration, and closely assist management in the development and implementation of strategic policies and procedures are just some of qualities I've developed over the years. I currently serve as a clinical expert and team leader for all clinical staff by providing direction, input and feedback. I'm a competent liaison with providers helping to ensure the effective and efficient quality of care is given to each patient we are privileged to serve.
