Nursing Assistant/Aide Mar 2016 - Jun 2019 Nagomi Ya Assisted Living Facilities, Apple Valley, US

I prevented infection and cross contamination by strict handwashing, cleaning and sanitizing equipment. I responded to patients bed alarm. I prepared, maintained and cleaned treatment areas after use. I volunteered to work additional shifts during busy periods to maintain proper staffing and floor coverage. I provided activities of daily living to the patients by serving meals, feeding, ambulating and positioning patients. I worked with nursing team to support patient needs including taking collected specimen to the laboratory, check and monitoring blood pressure, blood sugar and heart rates and reports abnormal findings to the nursing staffs

Registered Nurse/Midwife/Head Nurse Sep 2009 - Jul 2015 Babcock University Teaching Hospital

I rotated in all areas of general surgery, recovery, gynecology and obstetrics, pediatric, accident and emergency cases. I initiated and provided high quality holistic nursing care to a range of patients. I addressed unit staff concerns including staffing ratio, resource management, allocation of responsibilities and optimized workload management. I completed daily chart audits and clinical records to verify accuracy, evaluate performances and check for appropriate education of patients and families. I supervised ancillary staff including scheduling shifts, delegating assignments and monitoring quality of care. I guided therapeutic communication for patients and families, conflict resolution between staffs and intervention.

Charge Registered Nurse Jan 2014 - Jul 2014 Magodo Speciality Magodo Lagos, Lagos, NG

Lagos Nigeria As a charge nurse, I focused on delivery of high quality, cost effective care with focus on patient safety. As a charge nurse I focused on the provision of high quality, visible, professional leadership and settings and standard of clinical excellence and improving outcomes and experiences for patients, families and staffs. I was responsible for providing line of management for departments managers and specialized nurses/midwives and other staffs. I provided special training and education to other staffs. I worked in partnership with the Hospital Director and Consultants to achieve Annual Operating Plan delivering clinical strategies. I worked as a service leader, managing the departments, patients and work flow. I assisted with inducting and organising teaching sessions for students and newly employed nurses
