Roldine Banatte-Garcon

ADVANCED PRACTICE REGISTERED NURSE (APRN)

PROFESSIONAL OBJECTIVE

Board Certified Nurse Practitioner, and licensed Registered Nurse with 10 years of experience in nursing, desiring to work as either a Nurse Practitioner or Registered Nurse providing care in a COVID crisis unit; federally underserved facility; acute care or rehabilitation facility; outpatient clinic, or private practice. Confident that my experience, and leadership skills will contribute to the continued success of any facility.

SKILLS

- Emotionally Intelligent
- Culturally Aware
- Team Oriented
- Timely Documentation
- Calm under pressure
- Adept with Telemedicine patient interactions

NURSE PRACTITIONER EXPERIENCE

Pain Management Nurse Practitioner, April 2020 – Present

Kern Medical Hospital Authority, Bakersfield, CA

Facility: Ambulatory Care Services/Patient Load: 10-20 patients

- Diagnose and interpret lab results, order appropriate diagnostic testing, urine drug tox screens.
- Address opiate needs of patients with acute and chronic pain.
- Acquire medical history, perform physical exams, and provide treatment for patient's suffering with chronic pain.
- Monitor signs of drug addiction, and noncompliance with patient treatment agreement, with CURES reports, and frequent urine drug screens.

General Surgery Nurse Practitioner, June 2018 – April 2020

Kern Medical Hospital Authority, Bakersfield, CA

Facility: Public Teaching Hospital/ Level II Trauma Center/Beds: 222/ Patient Load: 8-10 patients

- Performed patient interviews to obtain medical history preoperatively.
- Managed post-surgical patients to prevent postoperative complications.
- Operated with interdisciplinary team to collaborate care for critically ill patient's following traumatic events.
- Performed physical examinations, ordered labs and diagnostic tests, to determine need for surgical intervention.

Palliative Care Nurse Practitioner, September 2019 – September 2021

Hoffmann Hospice, Bakersfield, CA

Facility: Inpatient Hospice Care Unit/Beds: 33/Patient Load: All present patients in unit, including new admissions and Face-to-face assessments.

- Performed palliative care consultations in the inpatient, home and community environment.
- Maintained accurate patient records, charts and documents to support the medical practice and reimbursement for services provided.
- Collaborated with all members of medical team to provide ideal safety, comfort environment, and emotional support for patients and family.

Cardiovascular Nurse Practitioner, January 2016 – June 2018

Heart Vascular and Leg Center, Bakersfield, CA

Facility: Private Cardiovascular clinic specializing in limb loss prevention, revascularization/Patient Load: 8-20 patients.

- Supported patients with cardiac; peripheral vascular disease; and chronic co-morbidities.
- Ordered appropriate medications; diagnostic interventions, and follow-up visits as required.
- Performed physical examinations and preventive health measures within prescribed guidelines and instructions of Physician.
