OBJECTIVE: Employment as a family nurse practitioner

EDUCATION: Post-Master's Family Nurse Practitioner's Certificate, July 2016

Saint Joseph's College of Maine

Master of Science in Nursing Education, December 2012

Western Governor's University, Salt Lake City, Utah

Bachelor of Science in Nursing, May 2005

Alcorn State University, Natchez, Mississippi

EXPERIENCE: **FEMA Crisis Response Registered Nurse**, 72 hours weekly, November 2020 to December 2020, El Paso, TX

Direct nursing care to COVID-19 positive patients on medical surgical units in hospitals affected by the current pandemic.

COVID-19 Crisis Registered Nurse, 40-66 hours weekly, September 2020 to October 2020

California Correctional Health Care Services

I provide direct nursing care to COVID-19 positive patients that includes patient education, assessment, documentation of symptoms and vital signs using Cerner EHR and triaging hypoxic, febrile and dehydrated patients for further intervention. I also administer medications including intravenous fluids, perform COVID testing and venipunctures as ordered and interpret and report abnormal labs.

Family Nurse Practitioner, 40 hours weekly, September 2018 to August 2020

MHM Health Services

I provided care for chronically ill patients with diseases such as asthma, COPD, diabetes, hypertension, hypo/hyperthyroidism, sickle cell anemia, and seizure. I performed procedures such as suturing, incision and drainage of abscesses. I provided diagnostic and therapeutic medical care and services to inmates in a state prison. I also assisted in the observation and evaluation of patients, performed case histories, conducted

physical examinations, and ordered and interpreted laboratory tests for treatment or patient education. Expert with use of Centricity EHR.

Family Nurse Practitioner/ Correctional Officer , 40 hours weekly, April 2018 to September 2018

U.S. Federal Bureau of Prisons

In addition to being trained as a Federal Law Enforcement Officer, I provided diagnostic and therapeutic medical care and services to inmates in Federal prisons. I also assisted in the observation and evaluation of patients, performed case histories, conducted physical examinations, and order laboratory tests. Expert with use of BMR EHR.

MDS Registered Nurse, 16-40 hours per week October 2009 to April 2018

Covenant Health and Rehab of Vicksburg, Vicksburg, Mississippi

I assessed residents using the MDS 3.0 resident assessment instrument for risks, care planning, and reimbursement for a 120 bed long-term care facility using AHT and PointClickCare software. I coded diagnosis per ICD 10 guidelines to assist with billing. I also participated in the administrative duties such as supervision of over 20 staff nurses, developing and correcting policy, and state survey process while working with an interdisciplinary team.

Nurse Practitioner Podiatry, 24-40 hours weekly, June 2017 to March 2018

TridentUSA

I provided podiatry services to residents in long term care facilities that qualify for diagnostic and therapeutic foot care that included prevention and early detection of foot complications such as infections, trimming of mycotic, ingrown nails or other dystrophic nails, and treatment of painful calluses and corns.

Certified Family Nurse Practitioner Intern,

536 hours February 2017 to May 2017

LifeCare Solutions, LLC

I was monitored by a seasoned nurse practitioner in a 180 bed long term care facility. As a certified nurse practitioner intern. I performed annual and quarterly history and physicals on primarily geriatric population along with some chronically ill middle aged adults. I managed acute problems, reviewed laboratory results, and gave orders as needed. Expert with PrognoCis HER.

184 hours August 2016 to November 2016

Medical Associates of Vicksburg and Promise Specialty Hospital of Vicksburg

I performed assessments, examinations, and planned patient care with collaboration of an internal medicine/infectious disease physician. During this internship, I saw patients in the clinic and inpatient rehabilitation setting. As part of the health plan of patients, I discussed health promotion topics such as diet, exercise, and drug regimen and prescribing. I performed annual health visits that included immunizations, health screening, and counseling. I also interpreted laboratory results and dictated notes for the medical record.

Intensive Care Registered Nurse, 36-40 hours per week October 2006 to October 2009

River Region Medical Center, Vicksburg, Mississippi

I provided care for critically ill patients at a ratio of 1:2. Mastered titrating sedation and vasopressors to maintain optimal hemodynamic stability. Managed life support equipment and medications. Interpreted telemetry monitor readings.

Home Health Registered Nurse, 32 hours per week April 2006 to October 2006

Medgar Evers Home Health, Fayette, Mississippi

I provided skilled nursing care such as wound care, venipuncture, intravenous medication administration, percutaneous endoscopic gastrostomy placement and care, foley catheter placement and care to homebound residents and supervised the care that was provided by the nursing assistants and notified the physician of any significant changes in the patients in a rural setting.
