I am seeking a responsible and challenging nursing position in a clinic or in a hospital.

Authorized to work in the US for any employer

Work Experience

RN Field Nurse

Lavanda Home Healthcare Agency - Burbank, CA

July 2018 to Present

I am currently working as a Home Health RN agency where I provide comprehensive patient care to patients who recently discharged from hospitals. I also complete different clinical notes like SOC oasis, Recertification oasis, ROC oasis and discharge oasis after visiting these patients. I also provide wound care treatment, intravenous antibiotic infusion therapy, medication reconciliation, disease management teachings to my assigned patients.

Travel Med Surg RN

Platinum Healthcare Staffing - Torrance, CA

October 2021 to February 2022

I worked as day shift Med Surg RN in the Medical-Surgical Tele department of LAC USC medical center through Platinum healthcare staffing company. My duties were to do detailed head to toe health assessment of patients, carry out doctors' orders, and report the patients' change in condition to the charge nurse and in-house physician. I also gave the intravenous antibiotics as well as blood transfusion to my patient according to the doctor's order for my patient. Report any cardiac dysrhythmia to patient's cardiologist.

Registered Nurse Med/Surg/Telemetry - Float pool

Adventist Hospital - Glendale, CA

April 2020 to February 2021

I worked as day shift Med Surg Tele RN in the Medical-Surgical Tele department of Adventist hospitals. My duties were to do detailed head to toe health assessment of patients, carry out doctors' orders, and report the patients' change in condition to the charge nurse and in-house physician. I also gave the intravenous antibiotics as well as blood transfusion to my patient according to the doctor's order for my patient. Report any cardiac dysrhythmia to patient's cardiologist.

Medical-Surgical RN

LOS ANGELES DOWNTOWN MEDICAL CENTER - Los Angeles, CA

May 2020 to July 2020

I was working as a night shift RN Med Surg in the Medical-Surgical department of Los Angeles Downtown Medical Center. I usually took care of up to five acute care patients in my shift. My duties were to place the IV line in the patient's arm if needed, do the detailed health assessment on my patients, call the doctor to notify any patients' critical lab values, and to carry out doctors' orders for my patient. I also

provided comprehensive nursing care to my patients and reported any diversion of patient's condition to the charge nurse and patient's physician.

Medical-Surgical RN

SOUTHERN CALIFORNIA HOSPITAL CULVER CITY
June 2016 to October 2018

I was working as a night shift RN Med Surg in the Medical-Surgical department of Southern California Hospital. I usually took care of up to five acute care patients in my shift. My duties were to place the IV line in the patient's arm if needed, do the detailed health assessment on my patients, call the doctor to notify any patients' critical lab values, and to carry out doctors' orders for my patient. I also provided comprehensive nursing care to my patients and reported any diversion of patient's condition to the charge nurse and patient's physician.

Director of Patient Care Service

American Nursing Home Health Care Inc
February 2017 to October 2017

I was working as DPCS at American Nursing Home Health Inc. I was supervising up to 6 RNs, 5 LVNs, and 3 CHHAs. I was supervising visits to evaluate their clinical performance and provided guidance to all the clinical staff. I also worked as a clinical coordinator and became a bridge between patients and doctors. I also helped the administrator to create reports for ADRs and the county's health facility evaluator surveys. I also used to do SOC, RC, ROC, and F/U clinical visits as needed.

Registered Nurse Supervisor

SHORELINE HEALTHCARE CENTER LONG BEACH
April 2016 to June 2016

I have worked as Registered Nurse Supervisor at Shoreline Healthcare Center in Long Beach. My duties were to give intravenous fluid therapy as well as intravenous antibiotics to the resident of this nursing home. I also supervise LVNs and CNAs in my shift too.

Medical-Surgical Tele RN

MONROVIA MEMORIAL HOSPITAL
September 2011 to February 2013

I worked as night shift Medical- Surgical Tele RN in the Medical-Surgical Tele department of Monrovia Memorial Hospital. My duties were to do detailed head to toe health assessment of patients, carry out doctors' orders, and report the patients' change in condition to the charge nurse and in-house physician. I also gave the intravenous antibiotics as well as blood transfusion to my patient according to the doctor's order for my patient. Report any cardiac dysrhythmia to patient's cardiologist.

Infusion RN

NEWHOPE CLINIC
July 2011 to March 2012

I worked as a part time infusion RN at a new hope clinic in Santa Monica. My duties were to give comprehensive nursing care to autism patients, to give the intravenous fluid to the patients, to finish documentations of patients' charts and to follow the doctors' orders.

Nursing Officer Experience at Prathama Blood Bank

Prathama Blood Bank
2006 to 2007

I worked as a Nursing Officer at Prathama blood Bank, where I am responsible for Health Checkup of the donor. I was also responsible for collecting blood from the donor through a phlebotomy procedure and sending that blood bag to the laboratory where blood diversified into different blood components.

Occupational Health Nurse

Hindalco Copper limited - Dahej, Gujarat

2005 to 2006

I was working at Occupational health nurse in the Emergency and Trauma unit at industrial medical clinic of Hindalco Copper limited, where I am responsible for giving first aid care to injured workers. I also was doing health checkup of workers before they were hired in this company.

SICU RN

Post-Operative Surgical Unit at Shrey Hospital - Ahmedabad, Gujarat

2004 to 2005

I was responsible to check the vital signs of postoperative surgical patients and report the patient's change in condition to the doctor and the charge nurse and carry out further doctor's orders.

ICU RN

Sal Hospital

2003 to 2004

I have worked in CICU at Sal hospital, Ahmedabad and in this I took care of patients who had just completed angiography or angioplasty procedure at Cath lab of Sal hospital. My duties were to do head to toe health assessment of my assigned patients as well as to provide comprehensive nursing care to my assigned patients.
