## Objective:

To obtain a part-time position as a Registered Nurse which will enable me to demonstrate my knowledge and skill in the nursing profession and to provide the highest level of comfort and care to all patients.

## Related Work Experience:

### Registered Nurse

August 2020- Current

- Dignity Health Mercy Gilbert Medical Center- Medical Intensive Care
- 3555 S Val Vista Dr, Gilbert, AZ 85297
  - Promotes patient care by following each critical care patient needs and requirements to result in the best outcome. Incorporated holistic patient care by collaborating with the intensive care team and specialists to diagnose, medicate, and treat within each providers scope of practice. Specialties include intra-aortic balloon pump and continuous renal replacement therapy. Working in a diverse community of people, working with all age groups and races.

### Registered Nurse

September 2019- August 2020

- Cigna Medical Group- Nurse Triage Float, Family Practice
- 1920 E Baseline Rd, Tempe, AZ 85283
  - Delivered in-person and phone call assistance to patients seen in the family practice office. Assisted clinicians in administering injections, medications and other nursing role tasks. Provided phone assistance for patients who needed the guidance of a triage nurse for medical issues that needed to be addressed immediately. Float to all Cigna Medical Groups in the East Valley collaborating with all family practice staff, providing multiple roles within nursing scope of practice and providing nursing knowledge to prevent catastrophic medical events from occurring with patients.

### Registered Nurse

September 2018- September 2019

- Dignity Health St. Joseph's Hospital and Medical Center- Cardiothoracic Intensive Care
- 350 W Thomas Rd, Phoenix, AZ 85013
  - Facilitated patient care by following my plan of care for each patient within my scope of practice to provide holistic care to the multiple specialties this unit provides services to. The specialties of this unit include the following; open-heart surgery, lung transplant, extracorporeal membrane oxygenation, continuous renal replacement therapy, intra-aortic balloon pump, left ventricular assist device and Impella ventricular assist device. Working in this specialty requires collaborating with multiple medical groups to provide optimal care for our patient population in the greater metropolitan area.

### Registered Nurse

August 2017- September 2018

- Banner Boswell Memorial Hospital- Cardiovascular Intensive Care
- 10401 W. Thunderbird Blvd., Sun City, AZ 85351
  - Facilitated patient care by collaborating with the intensive care team to provide the best outcome for our cardiovascular patients. Cardiovascular specialties include coronary artery bypass grafting, valve replacements, lumbar drains post abdominal aortic aneurysm repair and intra-aortic balloon pump. Other unit focal points; general surgeries, stroke, and sepsis patients. Focused on providing nursing care to the geriatric population, which required constant adjustment to patient needs for superlative care.
