Profile

I am a highly experience perioperative nurse and team leader with a demonstrated history of hospital, outpatient surgery center and health care industry employment. Skilled in hands-on perioperative patient care, nursing leadership, Lean Six Sigma, as well as pre and post anesthesia care.

Experience

Perioperative Staff Nurse, Peacehealth SW medical Center, November 2020 - present
Direct patient care for all specialties at this 18 OR Level 2 trauma center.

Evening OR Charge Nurse, OHSU Adventist Health Portland - June 2019 – November 2020
Directly responsible for coordination and management of the OR schedule covering evening shift, including direction of Anesthesiologists, RN's, ST's, CNA's, Anesthesia technicians and EVS personnel. Performed monthly case audits on perioperative documentation for quality measurements.

Nursing Team Leader, Sheridan Memorial Hospital, Sheridan, Wyoming – April 2015 - 2019
OR board runner, super user for multiple softwares and equipment, served as committee member for surgery council, pathways to excellence team and successfully educated and precepted multiple AORN Periop 101 nurses. Also included providing direct patient care.

Director of Nursing, Pasteur Plaza Surgery Center, San Antonio, Texas - December 2013 – April 2015

Hands-on leader for staff caring for patients throughout their entire surgical process. Successfully passed CMS/DSHS and AAAHC accreditation surveys.

Assistant Perioperative Nurse Manager and Charge Nurse, Lourdes Medical Center, Pasco, Washington - 2004 - 2013

Perioperative leader for critical access hospital, served on several committees and quality improvement or LEAN initiatives, as well as providing direct patient care.

Education

Canyon College, Caldwell, Idaho – BSN, 2011

Certificate of Mastery in Surgical Services Management, June 2013

Registered Nurse First Assistant Course, June 2003

Columbia Basin Community College, Associate Degree Nursing, June, 1993

Skills

My skills set covers the entire realm of Perioperative nursing. I can scrub, circulate and assist in virtually any specialty. I can function as a pre-op or PACU nurse when needed. I easily learn new products, equipment and technologies.
