

# Elizabeth Hawver, RN

Hello.

## PROFILE

I refuse to believe that my work is just a job. I picture it as an extension of myself. My versatility allows me to get along with many people and adapt to new environments with ease. I can handle stressful situations with grace and I enjoy the challenge.

## EXPERIENCE

**RN, SOUTH AUSTIN MEDICAL CENTER IMC; 2013-2016 AND 2018-2020**

Provided comprehensive care to a wide variety of critical care patients in an ICU step-down intermediate care floor.

**RN/CASE MANAGER RN, COMMUNITYCARE; 2016-2018**

Covered both women's health services and primary care working to provide care to the underserved. Provided whole person care working with providers during exams and procedures. Administered in clinic medications, provided education, and facilitated follow up. Worked to establish their medical high risk pregnancy case management program from the ground up, one of only a handful in the nation.

**ADMISSIONS RN, HOSPICE AUSTIN; 2011-2013**

Worked with patients and families to determine eligibility while thoroughly explaining services provided by Hospice Austin. Evaluated, prioritized, and expedited any urgent care needed. Provided education and emotional support while working with doctors to meet critical medical needs.

**RN, PCU/TELE, MENORAH MEDICAL CENTER, OVERLAND PARK, KS; 2009-2011**

Expansion of previous RN responsibilities including providing preceptorship guidance to new graduates and PCU coverage with ICU cross training.

**RN, TELE, TULANE MEDICAL CENTER, NEW ORLEANS, LA; 2008-2009**

Responsible for thorough assessments along with precise documentation of care provided. Communicating with doctors and other members of the healthcare team. Administration of medications and performing nursing procedures. Delegation when appropriate to care technicians and responding quickly to changes in patient status.
