

Hi, I'm Savannah Bohlen.

Professional Summary

Attentive and organized ICU Staff Nurse versed in coordinating unit workflow to meet patient demands in emergent care environments. Assesses and advocates for patient needs and educates family members to support post-hospital care. Astute problem-solver with 2 years of direct patient care experience.

Skilled team player with strong background in ICU CCU environments. Works well independently to handle assignments and always ready to go beyond basics assignments. Quick learner with good computer abilities.

Experience

REGISTERED NURSE, ICU CCU *Oct 2019 - Current*

St. Mary's Medical Center, Hobart, IN

- Monitored and assessed patients' physiologic, psychosocial, cultural, spiritual, and cognitive status and needs.
- Formulated goal-directed care plans, prioritized and based on diagnosis and patient outcomes.
- Performed efficiently in emergency patient care situations, following established protocols, remaining calm, informing appropriate persons, and documenting events.
- Demonstrated sensitivity to, and advocated for, patient and family rights, age-specific needs, and cultural and ethical beliefs.
- Used Epic to document patient care in electronic medical charts.
- Worked closely with interdisciplinary medical team to continuously evaluate and update patients' treatment plans.

REGISTERED NURSE, CARDIAC & NEURO IMCU *May 2019 - Oct 2019*

The Methodist Hospitals, Gary, IN

- Identified deviations and wellness changes and made recommendations, adjustments, and reports.
- Maintained safe, caring environments for patients and families.
- Educated patients and families on conditions, treatments, and possible outcomes.
- Recognized changes requiring nursing intervention and implemented appropriate care to reduce risks.
- Informed physicians of changes in patient conditions and nursing needs.
- Trained student and newly-registered nurses in the correct nursing procedures and performance strategies.
- Monitored patients closely to spot problems and reported serious concerns to treating physicians for timely interventions.
