Dedicated and compassionate Registered Nurse with 30 years combined experience caring for patients in diverse environments as a Surgical Assistant, NICU nurse, Operating Room nurse, Office nurse, Travel nurse, and now as a Certified Mobile Research Nurse. Calm and level-headed in difficult situations, highly adaptable with exceptional troubleshooting and organizational skills. Completed my BS in Sociology along with my BSN to compliment my ability to serve patients on many levels. I am eager to join Science 37 and leverage my years of experience in conscientious attention to detail, critical thinking, and anticipation skills to provide research participants with open and honest communication from the heart demonstrating cultural sensitivity that transcends all populations. Besides multiple merit awards throughout my career, I was promoted to Division Supervisor while working with FEMA during the initial Covid-19 crisis in Florida. I currently maintain my Texas compact RN license as well as California, Illinois and Washington.
