

MILDRED JACKSON

REGISTERED NURSE

OBJECTIVE

Nurse with 6 years of nursing experience providing quality care to a wide variety of patients. I possess an associate's degree and am currently focused on obtaining my bachelor's degree in nursing. I also served as youth pastor from 2014-2018 so I have experience with adolescents and helped my husband teach Celebrate Recovery for a season at a former church we attended. I love helping people. Aiming to leverage my experience and knowledge to effectively fill the nursing position at your facility.

EXPERIENCE

REGISTERED NURSE

(April 2020-August 2020)

Little Creek Behavioral Health. I accepted the position here as a floor nurse working 7a-7p. I truly love the work culture here amongst the nurses and BHAs. I enjoy caring for the patients very much. I moved into a nurse supervisor position in June and left for personal reasons in August.

REGISTERED NURSE

(Jan. 2016-present)

Baptist Health Medical Center North Little Rock and Conway Arkansas

Began on an Oncology/Orthopedic/Med-surg Unit

Was charge nurse for night shift for 3 years. Mentored/trained all new grad hired employees. As charge I designated assignments for each shift. Volunteered to do weekly pyxis count. Participated in employee engagement/retention. Checked competency of other employees. Audited other

nurses charting and medication administration. In November of 2019 I transferred to a Progressive Care Unit to expand my nursing knowledge, I am passionate about learning. In August of 2020 I transferred to Conway Med-Surg flex as the position was closer to home.

REGISTERED NURSE

(April 2017-April 2019)

Unity Health-White County Medical Center

Worked PRN on a medical unit. Consulted with manager of the floor on areas for improvement with patient care and employee retention/engagement. Also cared for New Vison patients which is a medical stabilization program for addicts. Built a lasting relationship unit and its workers and due to another job responsibility and my family moving had to resign from my position.

LICENSCE PRACTICAL NURSE

(Oct. 2015-Dec. 2016)

During this time frame I was in school for my associates Registered Nurse degree. I had various jobs. One facility I was at closed down and removed all of its residents. The others I worked at hired me under the pretense they could work with my school schedule and then were unable to do so. The following are the facilities I worked at with the dates:

8/16-12/16 Hospice Home Care Inpatient Unit

Set up Point Click Care for company and trained staff on how to use it. Also worked the floor caring for patients.

6/16-8/16 Willow Pointe Nursing and Rehab closed by owner

12/15-6/16 Searcy Healthcare and Rehab changed management and could not work with school schedule.

10/15-12/15 Spring Creek Nursing and Rehabilitation left for personal reasons.

From 12/13-10/15 I worked as a Tech/LPN at Unity Health on oncology/hospice/medical unit as well as at their LTACH.

From the years of 2006-2013 I worked as a CNA in LTC facilities. One of which I worked in for 3 years had a Geri-psych/Alzheimer's unit. We had a mix of patients with

schizophrenia, bi-polar disorder and also the dementia patients. The latter part of 2013 while I was in LPN school I worked as a CNA at white county hospital.

SKILLS
