WORK EXPERIENCE

Providence St. Vincent, Portland, OR

July 2017-March 2021

Emergency Department Registered Nurse

- Completed the ED Providence Nurse Residency Program in November 2017 at St. Vincent Medical Center.
- Responsible for caring for critically ill patients and providing holistic care while working as part of a team.
- Able to multi-task and adapt to high-intensity environment and utilize nursing skills to provide individualized, quality care to all patients. Care encompasses the whole person and advocates for holistic healing.
- ED is certified stroke and cardiac center.
- Experience includes triage, psychiatric emergency care, and medical emergencies.

Pierce County Trustmedx

March 2021-present

Vaccination Registered Nurse

- Responsible for intake, vaccination, and observation of vaccination clinic.
- Communicates with people receiving vaccines about potential side effects and what to expect. Observes for severe side effects after vaccine is given and alerts emergency crews if there is a concern.

LEADERSHIP AND SERVICE

- **Floating Doctors** (August 2016): Volunteered for three weeks in Panama, providing medical care to remote communities with limited access to healthcare, as well as a government-run nursing home.
- **Westside Community Focus** (2005-present): A non-profit organization based in Portland, OR that provides services and care for developmentally disabled adults. Volunteer with dinners and events with organization throughout the year.
- **Candlelighters** (2012-2014): Volunteered with organization to support families with children in cancer treatment.
- **Surfrider Oregon** (2020-present): Participate in frequent beach cleanups along the Oregon Coast.

PERSONAL INTERESTS

- Exploring wilderness medicine.
- Spending time exploring the coast and surfing.
- Skiing
