### **Home Health Aide**

Abilities Inc - Fort Atkinson, WI

2012 to 2013

Helping those who are elderly, disabled or chronically ill. An aid allows these patients to live in their own homes or in an assisted living facility for a prolonged period of time.

### **Volunteer**

Fairhaven Nursing Home

2008 to 2009

2009)

### **Resident Assistant**

Keystone Senior Living - Hugo, MN

October 2015

Responsibilities

Assist residents with their activities of daily living.

Accomplishments

I was pulled from a facility that was struggling with quality care due to being understaffed and asked to work at Keystone instead. I was picked from over 100 applications because I was given an amazing reference by my old director who turned out to be the director of this new facility. Since then I have had a positive impact on about 20 of the residents that have moved in since the grand opening in October of 2015! Those residents have also impacted my life in the most positive way possible.

Skills Used

I have demonstrated all of my skills and even used skills that I have just been taught while working at this facility!

## **Resident Assistant (RA)**

Brookdale Senior Living - North Oaks, MN

May 2015

### Responsibilities

Assist those with dementia with activities of daily living.

### Accomplishments

Building bonds with residents with dementia is my main accomplishment. I have been able to build such strong bonds that even those with dementia can remember me the next day. It's such a great feeling.

### Skills Used

I demonstrate many different tasks as a certified nursing assistant including but not limited to assistance with meals, toileting, dressing, bathing/showering etc...
